President's Corner

It's from this same spot, overlooking Miller Bay where I sent my first "president's greeting" September, 2011, that I now send the eighteenth as a farewell. The sun has recently begun streaming in the windows again, as

it did when I began in 2011. The birds are at play. My husband Jim has begun planting his garden to sounds of music flowing from the studio - recitals are just around the corner. Ah, some things haven't changed, but numerous WSMTA events have taken place in these past two years. Where have the months gone?

Time has moved like "roadrunner" trying to escape from Wylie Covote, (for those of you old enough to recall that Looney Tunes cartoon). In these past two years YOU as members of WSMTA have: Awarded twelve OAC student competitors prizes totaling \$1800.00 from over 110 entries; Assisted about thirty-two student performers and composers (from over 200 entries) to represent the Washington and NW Division at the national MTNA Competitions, with a total of nine of those students placing at the national level. Adjudicated more than 8,000 performance students and 250 young composing students; Given Musicianship exams to more than 2,500 students. Provided over \$8500.00 in student study grants; \$10,000.00 in travel grants for collegiate and competing students to attend national conferences; \$1100.00 in Small Chapter workshop grants; \$600.00 has been granted to Chapter of the Year recipients; \$1500.00 in certification grants provided for teachers, and about twelve teachers have been certified in the past couple years.

We will have added four members in our Hall of Fame; awarded two Honorary Life Memberships; succeeded in honoring three MTNA Foundation Fellows and two Commissioned Composers. Several members have presented at the MTNA national conference, have been honored by MTNA at the national level and/or received various grants. We have held two Leadership Seminars, an Adjudicator Conference, Workshops at the chapter, district and state level, with our WSMTA Conferences. Don't miss "Music from the Heart of Washington" this June 16 - 20. Four chapters received a total of \$800.00 for their increase in membership. About 160 of you are new members in the past two years, adding new ideas and life to WS-MTA! BRAVO WSMTA Members, you've done an amazing job!!

This is not just a recitation of events, but a reminder of the outstanding opportunities you are providing, and to let it be known that your board members, committee chairs and chapter presidents are doing a very professional job fulfilling their commitments to WSMTA! crossed the state visiting chapters these past two years I've been struck by the uniqueness of each chapter and yet a heart in each for similar goals of helping one another and advancing music in their communities. As I've said many times before, together you are the face of WS-MTA and you are looking good! proud to be a member of this active state association that provides excellent teaching, exposure to musical opportunities in their communities, schools, retirement homes, churches and numerous other venues. It's been a joy to work with you all.

Your Boards have worked very diligently on so many issues! One of the best projects will soon be unveiled as we are very close to ground breaking work on a new website design with outstanding features that will make our registration, payments and interaction with WSMTA

events so much easier. I can't wait for this project to get underway!

In closing I send a huge *hug and thank you* to each board member, state and chapter committee chair, chapter president and each member who has contributed to WSMTA in so many ways. See you in Wenatchee! ©

Conference 2013 Wenatcheel

(Continued from Page 1)

Dr. Jody Graves, NCTM Conference Presenter

Like to start your day with coffee? A short 2-block walk could take you to Wenatchee's famed coffeehouse, Café Mela. Feel like stretching your legs in between classes? Walk to the riverfront park or stroll the streets to shop! Browse the Exhibits and the Scholarship Raffle/Silent Auction table.

Our college professors will offer an array of teachings: music transcending the Middle East conflict, playing music from the impressionist era, practical pedaling from Bach to Beethoven, tempos in baroque and classical music, various aspects of Chopin's Op. 25 Etudes, Stephen Beus's student master classes, and how to lower another elephant onto the keys! Master Class places are still available. Opportunity for your advanced students is knocking on the door. Don't hesitate to send in the ap-plication on page 9 right away.

We'll learn of African, Hungarian, and Mexican music. We'll hear helpful hints for improvising, motivating students, playing games, combining organ stops, teaching beginning technique, utilizing group activities and alternative violin methods, and even exercising! Check out the schedule on page 10 for more detail.

There are several classes designed around various WSMTA projects: musicianship examinations, adjudications, leadership development, and certification. Take advantage of these both to learn and to share your own ideas!

For those chapters and districts wishing to participate in the poster contest, please refer to the specifications mentioned in the April issue of The Clarion. The winning poster will be chosen as one best displaying the "heart" of its members.

If you have not registered yet, quickly fill out and mail your check and registration form on page 8. It must be postmarked by June 4th. Otherwise, register at the Registration Desk in the main lobby of the Wenatchee Convention Center when you arrive. We'll see you all June 16th through 20th at "Music from the Heart of Washington!"

Steven Beus Conference Artist

We are so very fortunate to have our own Washington grown Stephen Beus as our concert artist in Wenatchee this Stephen's performance at our conference 2013 will mark ten years since he captured 1st place at the MTNA National Performance Competition, 2003. Many of us can remember his exquisite playing even then, that reached far beyond his age. It's been said of him "Beus doesn't fit the mold of the typical competition winner. His playing is strikingly original and despite his youth, his playing has an interpretive voice all his own....Above all his playing is so natural to seem effortless and the sound he produces has extraordinary richness and depth, not quite like anyone else's." Fanfare Magazine

Since 2003 he has gone on to win *First Prize*, Gina Bachauer International Piano Competition, *First Prize*, Vendome International Piano Competition, and *Max I Allen Fellowship Winner*, American Pianists Association all in 2006. He has his *Bachelor of Arts* from Whitman College, *Master of Music and Artist Diploma* from The Juilliard School. Stephen has given solo recitals in Wigmore Hall, London, Salle Cortot, Paris, Oriental Art Center, Shanghai, Central Conservatory, Beijing, Scuola San, Teatro San Carlo, Naples Rocco, Venice to name a few. He has performed with orch-

estras including the Hamburg Symphony, Juilliard Orchestra in Carnegie Hall, Royal Indianapolis Symphony, Philharmonic of Morocco and Oxford Philomusica and so many others.

What an awesome opportunity we have to visit again with this gifted artist. Our students in master classes will benefit as Stephen works with them. His own master class experience includes time with artists like Leon Fleisher, Jerome Lowenthal and Phillipe Entremont.

Stephen will also present an outstanding workshop dealing with Bach ornamentation; it's not simply a "how to" play Bach ornamentation but the application of the ornamentation. Finally I asked if he would share a photo of his family with us. Here he is with his wife Alainna and their two sons Issac and Jonathan who is the older.

WSMTA Recognizes Members Who Have Achieved 50 Years of Membership

WSMTA is proud to recogize the following long-term members who have completed fifty years of membership.

Helen Pegg Olympia Chapter

Congratulations to Helen Pegg who has been a member of the Olympia Chapter since 1963. She has taught students in public schools ranging in age from preschool to high school for 45 years. 90% of that was music related. Helen has also taught at St Martins College, at a local junior college and off campus classes through CWU. She has been a church organist in various places for nearly 65 years, having started with a pump organ.

In earlier years she was active in the Olympia Chapter, participating in adjudications, state conferences and other activities, which she says changed her teaching for the better! She enjoys her friendships with OMT members and appreciates their sharing valuable teaching strategies with her. Public school teaching made it difficult for her to continue active participation in OMT. retired from public school teaching she maintains a few private piano students whom she enjoys, and continues her membership in WSMTA/MTNA. Our hats are off to you Helen Pegg for your musical contributions through all these years!

Sharon Wells, NCTM Pullman Chapter

This year is a golden one, not only for my fifty years in MTA, but for Harry and I to celebrate 50 years of marriage.

Growing up in Hutchinson, Kansas, I began piano with Mrs. Ross Skinner who had studied with Louise Robyn and Rudolph Ganz in Chicago. Then on to Stephens College continuing with Professor Richard Johnson who was a student of Isabelle Vengerova. At the University of

Michigan in Ann Arbor, I finished a Master's in piano with Professor John Kollen who had long studied with Artur Schnabel and Edwin Fischer.

My husband, Harry (who was honored for his 50 years with MTA in 2011) studied with Edwin Hughes who was a pupil of Leschetizky during the transition from fixed to flexible wrist.

As teachers we can never realize our full impact upon our students. However, both Harry and I have appreciated the talent and work ethic shown by our Asian students. We hope this enthusiasm will continue to breathe new inspiration into developing performers and audiences.

CERTIFICATION CORNER

June...the sixth month of the year; the month with the longest daylight hours in the northern hemisphere; and June 1 is the beginning of the meteorological summer in the northern hemisphere (except for Seattle where we all know it begins July 5th)!.

In Iceland, summer solstice folklore says that if you bathe naked in the morning dew on the morning of June 24, you are supposed to keep aging at bay for longer.

In Washington State the solstice officially happens on June 20th this year so why not celebrate with us in Wenatchee for a whole week at the WSMTA Conference June 16-20? Music, workshops, reconnecting with friends and colleagues, teaching

tips and strategies shared, new repertoire discovered and favorites remembered...all of this will keep you younger far longer than any morning dew!!

At the opening session on Monday morning June 17, we will recognize 9 newly certified members who have received NCTM since last conference including **Preta Laughlin, NCTM (Moses Lake) recently certified in piano**. If you have been considering certification these members can inspire you to begin, continue and complete the process and rejuvenate your teaching.

Details of the certification process and answers to your specific questions will be available at the Certification workshop on Wednesday June 19th at 3:00. Join us for a detailed look at the process from application submission to yearly renewal of your certification. Whether you are still "thinking about" certification, or are somewhere in the process we will get to the heart of certification in this information filled session.

If you are serving as your chapter's certification chair please join me on Tuesday June 18th for our annual lunch time meeting. We'll cover important leadership information and answer questions or concerns that you may have as you provide a contact point for all things certification in your local chapter. And I can thank you in person for this important contribution you make to your chapter and WS-MTA!

A reminder to all NCTM teachers: if your renewal is due this year, that deadline is now here. NCTM renewal is easily accomplished on line. Visit www.mtna.org and click on MTNA certification and then follow the link for renewal. You should have received a reminder from MTNA if your renewal is due.

Members who are WSMTA certified and in the renewal process should have received an important letter from me with information about your status change to permanent certification. If you have any questions about this change don't hesitate to contact me.

And finally, if you have been considering certification, but the cost of certification is a concern, there are still 7 WSMTA certification grants of \$100 each available to help. The grant application process is easy, so send in your certification application to MTNA with the application fee, and then contact me about a WSMTA certification grant. Grants are awarded first come, first served.

See you in Wenatchee!!

Karen Hollenback, NCTM. WSMTA Certification Chair 425-228-1110 karen.hollenback@gmail.com

Enrichment

A Call for Compositions!

The WSMTA is seeking candidates for the Commissioned Composer of the Year for 2014. If selected, the commissioned composer receives\$1500 when his/her composition is premiered at the state conference. If you wish to be considered please send a representative score and recording to Dr. Steve Nehrenberg, chair of CCOY (PDFs, Finale files (2010 version or earlier), we blinks, are fine). Please include a short bio and contact information. Candidates must reside in the state of Washington, must arrange for performance of their work at the state convention (including arranging for any performers and rehearsals), and provide copies of the score for archives. It is also recommended that the candidate be a member of WS-MTA. Dr. Steve Nehrenberg's address is 19503 122 Place SE, Kent WA 98031, email vielmusik@msn.com. If you have any questions please feel free to contact Steve at the above email address.

A couple of years ago I did a session at the State Conference on the Power of Music. I did quite a bit of research and found lots of ways that music is being used to help people. This subject intrigues me very much. This past year I have seen other instances where music has great power and thought I would share them with you. In March 2013, the AARP bulletin had an article on that same subject, The Power of Music. In it they stated that music therapy is used to treat illness, enhance moods and calm agitation, but this article addressed using it for care giving too. They quote Theresa Allison M.D. who can't talk with her grandmother because of Alzheimer's disease but they can still interact through music. As well as being a physician, Dr. Allison is also a musicologist and assistant professor in the Division of Geriatrics at the University of California, San Francisco. She said she sometimes sings songs with her frightened or confused patients to get them to relax during a physical exam. The article states that the healing power of music was recognized in ancient Greece; Aristotle and Plato wrote about it.

Today there are more than 6,000 nationally certified music therapists in our country. I have one former student who goes to hospitals with her guitar to play and sing helping patients to relax and let their bodies heal. Our technology has come so far that Neuroscientists are now able to see how music stimulates and activates networks in the brain. We all have varied trials in life, but for those suffering from Alzheimer's who can't even put a sentence together, they can sing what they need, if they want to go to bed, if they are hurting, if they are hungry, etc. Choosing music that was a part of a person's life before the disease helps them to be happy and calm. Frustration and fear are a big part of any dementia so music can really help alter the mood to be more positive. Even people with difficulty walking seem to be able to tap their toes and some even make a few dance steps as you dance with them to another room or into the shower.

I watched a TV program just a while back on a New York City chorus called the *Unforgettables*. They are a group with early to mid-stage Alzheimer's and their care giving spouses and children. They have reported that there is higher self-esteem, better moods, less depression and a greater quality of life after just 13 rehearsals and one concert. It was amazing to me to see the change in the people as they were milling around getting ready to rehearse, and then seeing them as they started to sing.

I hope that we will remember that in addition to teaching our students, we need to keep the music we love alive in our own lives to help ward off the many physical and emotions struggles we can find in life. Having music in our lives is a joyful way to live!

Chapter News

KMTA Monster Concert Students and Teachers joined forces for Scholarship Concert

Kitsap Music Teachers and students, a total of thirty-six performers in all, tamed the *monster into a concert* and delighted a full audience with music bursting forth from four grand pianos, the likes of which many had never heard. Different combinations of four or eight performers presented ten selections ending with the ever popular "Stars and Stripes Forever" all arranged for multiple pianos. Suzanne Gilman from Gig Harbor Chapter, gave two ensemble clinics for the students prior to the concert. Students, teachers, the audience and the scholarship fund all benefitted!

Diane Johnston, WSCTM WSMTA President

In Memory of Kenneth Moses

Kitsap and Seattle Chapters have recently lost a gentleman, valued piano teacher and member in the passing of Kenneth Moses of Hansville. His teaching career spanned 60 of his 81 years and took him to north Seattle, Bellevue, Kirkland, Lake Forest Park and Hansville. He grew up in Seattle, but loved his family's summer homes in Kingston and Whidbey Island. This led him eventually to building a home with a large studio in the "garret", as he was fond of saying, in Hansville. He taught there and in Lynnwood and Bothell accommodating his stu-

dents in those areas.

Kenneth studied piano with Alexander Mlynarski, Sigismond Stojowsky, and Berthe Poncy Jacobson at the University of Washington and with other notable teachers. He gave up plans for a concert career in his teens due to serious health issues and turned his attention to teaching. No student ever left his tutelage without learning the basics of music, and a love of music which would be with them for life. Besides music, Ken taught them life lessons in self-discipline, joy in accomplishment, and the value of hard work ---they loved him and never forgot him. In addition to teaching he wrote and printed many teaching materials and edited out-of-print compositions for re-publication. Finally in the last several years he wrote and printed "THE LANGUAGE OF TONE" as the culmination of all his thought in that area.

Kenneth was a man of great faith. He collected all of Luther's works along with those of J. S. Bach which became a mainstay in both his personal life and his teaching repertoire. He left behind his wife of 58 years, Shirley, a son, Scott and his wife as well as other relatives. We extend our condolences to the Moses family.

"Art is brought into existence by our unceasing quest for truth."
